

Orlando FSDO FAASTeam presents:

# **TOP TEN SECRETS OF FLIGHT TRAINING for PILOTS and STUDENTS and INSTRUCTORS**

Are you thinking about flight training; are you currently flight training; or perhaps you are already certificated? This event will help provide valuable information and the secrets on how you can get the most out of flight training in whatever form it may take. With the student it is obvious they are training, however even the most ardent pilot or instructor is or will be training in one way or the other. The certificated pilot and or flight instructor take a flight review or renew their flight instructor certificates every two years which is a great opportunity for training and learning to occur.

Our very experienced speaker will discuss great ways to get the most out of whatever flight training you are receiving all the while contributing to your safety related skills. This event is designed to be an interactive audience experience. PLEASE bring your questions and participate in the discussion!
